

Directions for use of this Worksheet

The purpose of this worksheet is to assist in gathering the information needed to complete the Minnie Dole Award (MD) form. The worksheet is designed to assist with sections 5 through 11. The more you can identify on the worksheet, the more likely the nomination will be approved by the Central Division Awards Advisor, National Awards Advisor and National Director.

The key to success with these nominations is extraordinary service to both the National Ski Patrol and the skiing public over a long period of time. A National Appointment or Leadership Commendation Appointment is not a requirement to receive this award. The service provided must demonstrate exceptional devotion to duty and outstanding performance. That being said nominees for the MD are the cream of the crop. Normally recipients have more credentials than an appointment nomination and have proven to be a mover and shaker at Region, Division, and/or National level.

4. Approvals:

These to be all currently NSP registered patrollers in good standing. As listed on the nomination form the first signature is from the nominating sponsor. Supporting signatures 1 through 10 are currently registered members of the National Ski Patrol. All 10 must have a National Appointment (NA) or Leadership Commendation Appointment (LCA). Each NA and LCA must be listed with the supporting patrollers signature, failure to do so may be grounds for rejecting the nomination. Lastly the final 2 supporting signatures are the current Division Awards Advisor and the National Awards Advisor. The final step for approving and awarding this award is the signature of the current National Chairman. Only the original 10 signatures on the nomination form with the sponsor will be considered, additional pages with signatures will be discarded.

All dates listed in Section 5 through 10 should be as accurate and authentic as possible. Approximation of dates is acceptable of actual and exact dates are no longer available.

Normally items are listed in an ascending order in section 7, 8, 9 and 10. Ascending order is not a requirement, however consistency in listing items is. List items either ascending or descending in all sections.
