

2012 Division Alpine Clinics
Ski & Board Trainers Workshops (STW's)

Join us at one or more:

December 1st & 2nd **Trollhaugen Ski Area**, Dresser, Wisconsin

December 8th & 9th **Boyer Highlands Resort**, Harbor Springs, Michigan

December 15th & 16th **Cascade Mountain**, Portage, Wisconsin

Organized by your Division Skills Development Team Members:

Jay Zedak (Div. Senior Program supervisor) **Tom Worley** (Div. Toboggan Supervisor)

Dan Moss (Div. Ski School Director) **Don Loerch** (Div. Skills Development Supervisor)

Toboggan Sessions:

Toboggan Instructor Workshop – Refresh your Teaching Skills (Full Day) This session is designed for all region and hill toboggan instructors. Our objective is to refresh and calibrate participants to current Division alpine standards. Group members will have ample hands on time to feel confident for the season ahead as a toboggan instructor. Join fellow instructors from across the Division sharing time in the traces and on the tail rope. **Enrollment will be limited for this session.**

Future Toboggan Trainer Intro (Full Day) This session is targeted toward senior patrollers interested in exploring what it takes to become a toboggan trainer. The day's activities will include an interactive discussion of best practice toboggan training techniques, accompanied by ample time on the slopes. Our goal will be to provide an introduction and 'how to' of becoming a future toboggan instructor.

Senior Candidate Toboggan Clinic – (Full Day) This session is designed for senior candidates interested in having an early season opportunity to participate in a senior level toboggan handling clinic. Participants will have a chance to work hands on with division staff discovering and refining requisite skills expected at the senior toboggan exam. **Enrollment will be limited for this session.**

Senior Program:

Senior Alpine Manual Review – (Full Day) This session is designed for senior program administrators and senior evaluators seeking to better understand recent updates to the "Book of Senior". Participants will have a chance to discuss and review in detail refinements to the manual contents with division staff.

Central Division

Accredited Senior Evaluator (ASE) Session:

ASE Certification Exam (2 full days) This session is designed for all current senior evaluators with or without PSIA/AASI credentials. The objective will be to award ASE certification after validation of senior evaluator skills as they pertain to the senior alpine program including: senior score card, skiing skills, movement analysis, feedback modeling, evaluation calibration and technical knowledge. Certification will be awarded based on successful performance and is valid for a 3 year period with recertification required during the specified term. **Registration is limited to Region evaluators selected by their respective Region Director.**

Senior Evaluator Calibration Session (current senior evaluators):

Senior Alpine Evaluator Calibration Clinic (1 full day) This session is designed for all current senior evaluators (PSIA/AASI Level 2 /3 certified or ASE certified). The objective will be to calibrate senior evaluators to the current senior alpine standard. Successful completion of this calibration clinic is required every three years and is a prerequisite to participating as staff at senior alpine ski/board evaluations.

Ski/Ride Session:

Credentialing Development (2 Full Days) These sessions are designed/recommended for all alpine trainers/patrollers interested in exploring initial or advanced PSIA/AASI (Level 1, 2 or 3) certification. Groups will be coached by NSP-C Ski School full cert instructors. The objective of all groups will be to aid interested members in their journey toward initial certification and beyond. If you're serious about pursuing teaching credentials, you'll find these sessions a wise investment of your valuable time. *This is an NSP-C clinic, not a sanctioned PSIA/AASI certification event.*
