

## OUTDOOR EMERGENCY CARE

Emergency care providers are subject to certain inherent risks and liability. The National Ski Patrol certifies that the approved OEC course content meets accepted standard emergency care principles and practices. All OEC technicians are strongly urged to make sure that whoever they are providing emergency care service for (i.e., ski area) carries adequate general liability insurance. The National Ski Patrol does not provide personal liability insurance or accept the liability of your application of Outdoor Emergency Care.

This card certifies that the individual named has completed all requirements and objectives of the Outdoor Emergency Care technician. This card is not transferable.

### MEMBERSHIP CARD

The National Ski Patrol, a nonprofit federally chartered organization, provides educational services so our membership can offer quality emergency care and promote ski and snowboard safety to the public and mountain resort industry.

The bearer of this card is recognized as a National Ski Patrol member in good standing. The NSP patrol representative certifies that the person whose name appears on this card has met all NSP membership requirements. NSP is not responsible for and has no authority to direct the day-to-day patrolling activities of its members. It is the member's responsibility to act in accordance with NSP established standards.
