Deadline For Winter Issue January 8, 2009

Jim Woodrum, Central Division Director
CENTRAL DIVISION
DIRECTOR'S NOTES:

As a group of us rode our motorcycles for 12 hours through the driving rain of Hurricane Gustav on our way to Milwaukee, I couldn't help but think about the reasons I'm in this great organization. Perhaps when we all get started many believe it is because it is free skiing. After that initial shock of paying for the books, buying our first pack and its supplies, upgrading our skis to fit today's techniques, purchasing our parka, etc. it begins to dawn on us that there isn't much free in all of this. Then we evolve to our purpose: to serve the skiing public. As we begin to internalize this we also develop close relationships with other patrollers and as time goes on they become some of our closest friends. As is the case with the folks that all met to ride 500 miles through the driving rain to get to yet another ski patrol meeting. It is now an important part of my life, serve our skiing public and be with others that have a similar purpose. Come high water, driving blizzards, freezing temperatures, or whatever the elements will be to support one another when we do our thing. The main purpose of our fall meeting is to deal with the business at hand and most importantly, honor those that have given so much of themselves to serve our skiing public.

We were blessed with having all the recipients of our National Outstanding's and First Runner Ups attend the Awards Banquet. To be able to read some of their contributions were truly an honor and thank them personally was a blessing. If we all could contribute to the level that these individuals have we would have an organization that would be honored beyond belief. Please review some of the pictures within the RPN to see those that were so honored. Thank you for being at the meetings and banquet and let the rest of us share in what you have personally contributed to the organization and the public.

## **Editorial Page**

### **Division Director's Report**

Continued from page 1

As we move into the heavy refresher schedule and thinking about first snow or first runs, please think about how you may contribute to similar levels we have witnessed by this year's list of outstanding award winners. If we spend our time trying to serve the public the best we can and worry or complain less about what isn't working, our contributions will be more worthwhile and self fulfilling. For those around us that have the opportunity to develop and

write up awards, please don't wait until the end of the season to begin the process. Many instructors have already been working hard to help new candidates join our team and refresh the rest of us with their OEC training/skills. Now is a great time to start the recognition process. Please take the time to thank those that continue to contribute to our success, OEC instructors, S&T trainers, PD/PR's, whoever is going out of their way to help you be all you can be.

The last couple of years I've had the opportunity to spend time at many resorts around the Division. This year will be no different as I make my way to many resorts. I want to spend time talking with Area managers/Owners and with you, the member. It clearly helps me understand the needs of the industry and the member as I represent what is important to us in the Central US! Thank you for allowing me to serve you!

### Certified Program Enjoys Great '08 Looks to '09

By: Mike Longfellow-Jones, Division Certified Supervisor

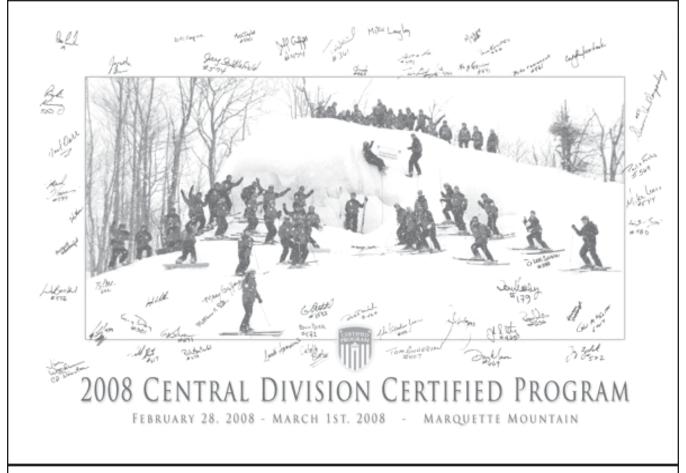

The 2007-08 ski season began with 60 staff members and 13 candidates participating in the Certified program. Through the application and qualification process we accepted three new candidates into the program representing three Regions of the Central Division. New Certified program Candidates are Catalin Barbu – Mt. Holly Ski Area Eastern Michigan Region, Jim Markey – Nubs Nob Ski Area Northern Michigan Region, and William Capre - Wilmot Mountain Ski Area Southern Region. This year's Certified Evaluation was hosted by Marquette Mountain Ski Area where the snow and hill were in great shape for our event.

For our 26th evaluation and annual meeting we recorded an attendance of 44 staff members, 14 candidates, and approximately 30 supporters all who contributed to the evaluation. The three day evaluation resulted in thirty three individual program components being successfully completed by the candidates. On Friday evening, we held our annual business meeting and pizza party at the U.S. National Ski & Snowboard Hall of Fame in Ishpeming, Michigan. At the Ski Hall, we were honored to be welcomed by Mr. Tom West, President of the Ski Hall. In addition, Mr. Walter Cook, a member of the 10th Mountain Division was introduced and he relayed some of his past experiences and history associated with that military team. While at the Ski Hall, staff and guests were able to walk about the wonderful displays and history spread throughout the facility.

On Saturday evening we held our annual celebratory banquet at a local Marquette Cajun restaurant where we honored candiates who successfully completed individual components as well as all who helped and participated. The evening was highlighted as we recognized three patrollers who successfully completed their Certified Program requirements. We are proud to welcome Rick King #691 of Perfect North Slopes, Eric Massanyi #692 of Boston Mills, and Jonathon French #693 also of Perfect North Slopes as new Certified staff members. Thanks to all who participated for your support, your friendship, and your very important contributions to the NSP and the Certified Program.

Check the RPN and Central Web site calendars for Certified Qualification and re-certification clinic dates and events. The 2009 Certified evaluation is scheduled to take place as a joint venue between Boyne Highlands and Nubs Nob on February 26 through 28, 2009. I hope you will mark your calendar and plan to come and see what a great team of patrollers we have in the program and to share in on the camaraderie.

The Certified Program is a National skills development and verification program that provides a readily identifiable resource of highly motivated, skilled, and knowledgeable patrollers to better serve the NSP, ski area management and the outdoor recreation community. If you have any interest in finding out about Certified visit: http://www.nationalskipatrol.org/certified/

2008 Certified participants gather at Marquette Mountain. Join them this year at Boyne Highlands and Nubs Knob.

### Alumni Program Alive and Well and Wants You

Join NSP Alumni today. You are almost guaranteed to be shown more respect than our program's esteemed Supervisor Carrington Beach Day garners. There is no guarantee that your name will show up on a sign however.

By: Carrington Beach Day, Division Alumni Supervisor

The Alumni classification is alive and doing well. We have a need for those experienced patrollers who have given their time and commitment but feel that they may have outlived their skiing or tobogganing skills. The Alumni classification is a great opportunity for you to still help with OEC (providing your refresher and cards are up to date) training and testing. In addition if your local area permits you may be very useful doing patrol room coverages. You will also retain those great relationships that you have had while patrolling.

Don't forget that the Central Division and the National Office have waived any dues for those patrollers who have 50 years of service in the system

Please feel free to contact me, your region advisor, or your patrol representative if you would like more information on our Alumni program.

### **Enough is Enough: Sexual Harassment and NSP**

By: Jim Woodrum, Central Division Director and Linda Murphy Jacobs, Assistant Division Director

It is a subject that most of us really would like to avoid talking about. Yes, there are significant laws about the subject that apply in the work place. What about in the ski patrol? The answer is: "yes". But let's not talk about it from a legal/law stand point. Let's talk about it from a perspective of a male and female. To help me with this I asked Linda Murphy-Jacobs to help me with the female perspective.

To begin, we are inundated with sexuality everywhere we turn, on TV, the internet, in the grocery stores on magazines, the tabloids and marketing techniques for products. So, where do we draw the line in what is considered sexual harassment in ski patrolling? To help understand we must first define what sexual harassment is and is not. For example, two patrollers riding up a chair enjoying each other's company and they decide to go out and have dinner together after shift may not be considered harassment. But change that a little where one says no and the other insists could easily be considered harassment.

Here is the definition of **Sexual harassment:** It is unwelcome attention of a sexual nature and is a form of legal and social harassment. It includes a range of behavior from seemingly mild transgressions and annoyances to actual sexual abuse or sexual assault. Sexual harassment is a form of abuse (sexual and psychological) and bullying.

So, I'm sitting around the lunch table with a bunch of male patrollers and comments start getting made about the features of some attractive looking female customers. Is that harassment? Some may say NO because it wasn't made directly to the customer? Well, let's say that one of those is your 18 year old daughter and a couple of her friends. Now does that touch a nerve in you as it might be considered harassment, even though the comments were not made directly to your daughter? It would certainly in me. So, where do we draw the line? In this case, if it's not your daughter, does it constitute harassment? I hope you see that it still is. If the comments are inappropriate then the males in the group need to step up and ask that the comments be stopped.

In another example a number of male patrollers are talking about a female patroller in an inappropriate sexual way. Even if she doesn't hear the comments it is unacceptable behavior that is not normally wanted or desired.

Sexual harassment can occur in a variety of circumstances. Often, but not always, the harasser is in a position of power or authority over the victim (due to differences in age, or social, political, educational, employment relationships or in patrolling Instructor/Candidate, Instructor/Patroller). Forms of harassment relationships include:

- The harasser can be anyone, such as a client, a co-worker, a teacher or professor, a student, a friend, or a stranger.
- The victim does not have to be the person directly harassed but can be anyone who finds the behavior offensive and is affected by it.
- While adverse effects on the victim are common, this does not have to be the case for the behavior to be unlawful.
- The victim can be male or female. The harasser can be male or female.
- The harasser does not have to be of the opposite sex.
- The harasser may be completely unaware that his or her behavior is offensive or constitutes sexual harassment or may be com-

pletely unaware that his or her actions could be unlawful.

One of the difficulties in understanding sexual harassment is that it involves a range of behavior, and is often difficult for the recipient to describe to themselves, and to others, exactly what they are experiencing. Moreover, behavior and motives vary between individual harassers. In addition to that, sensitivities to comments range from individual to individual and not all men or women take offense to the same degree.

There are many types of harassment from the power position where sexual favors may be requested. This typically happens where the harasser is in a leadership role and tries to take advantage of the victim. Most likely the type of harassment we might see in a patrolling situation is that of One-of-the-Gang. This offender is often motivated by bravado or competition, or because the harasser(s) think it is funny. Oneof-the-gang harassment occurs when groups of men or women embarrass others with lewd comments, physical evaluations, or other unwanted sexual attention. Harassers may act individually in order to belong or impress the others, or groups may gang up on a particular target. There are many other types of harassment and frankly it all comes down to a lack of respect.

Retaliation and backlash against a victim are very common, particularly for a complainant. Victims who speak out against sexual harassment are often labeled troublemakers who are on their own power trips, or who are looking for attention. Similar to cases of rape or sexual assault, the victim often becomes the accused, with their appearance, private life, and character likely to fall under intrusive scrutiny and attack. They risk hostility and isolation from others, colleagues, people in leadership roles, instructors, fellow patrollers, and even friends. Many harrassment victims may chose to put up with the offending behavior rather than risk being ostracized from the group. If, as a candidate or student, you find a situation unacceptable there are steps you must follow to remediate the situation. You should make your displeasure clearly known. Tell the offending person that you find his/her behavior not acceptable and unwlecome. Be specific. Identify the behavior you don't want to happen. If you don't get the results that you seek or if the behavior persists then you need to discuss the issues with the next person up the line (lead intstructor, I.T., patrol rep,etc).

Effects of sexual harassment can vary depending on the individual, and the severity and duration of the harassment. Often, sexual harassment incidents fall into the category of the "merely annoying." However, many situations can, and do, have life-altering effects particularly when they involve severe/chronic abuses, and/or retaliation against a victim who does not submit to the harassment, or who complains about it openly.

Common effects of sexual harassment:

- · Increased absenteeism
- Loss of enjoyment of patrolling
- Having to drop out of OEC classes, S&T training, enrollment of NSP courses
- Having one's personal life offered up for public scrutiny — the victim becomes the "accused," and his or her dress, lifestyle, and private life will often come under attack. (Note: this rarely occurs for the perpetrator.)
- Being objectified and humiliated by scrutiny and gossip
- Becoming publicly sexualized (i.e. groups of people "evaluate" the victim to establish if he or she is "worth" the sexual

attention or the risk to the harasser's position)

- · Defamation of character and reputation
- Loss of trust in environments similar to where the harassment occurred
- Loss of trust in the types of people that occupy similar positions as the harasser or his or her colleagues
- Extreme stress upon relationships with significant others, sometimes resulting in divorce; extreme stress on peer relationships, or relationships with patrollers
- Weakening of support network, or being ostracized from social circles (friends, colleagues, or family may distance themselves from the victim, or shun him or her altogether)
- Having to relocate to another city, another patrol
- · Loss of references/recommendations

Some of the psychological and health effects that can occur in someone who has been sexually harassed: anxiety, sleeplessness, shame and guilt, difficulty concentrating, headaches, stomach problems (weight loss or gain), alcoholism, feeling betrayed and/or violated, feeling angry or violent towards the perpetrator, feeling powerless or out of control, increased blood pressure, loss of confidence and self esteem, withdrawal and isolation, overall loss of trust in fellow patrollers/people.

#### Effects of sexual harassment on organizations

- · Increased team/shift conflict
- Decrease in success at meeting goals (because of team conflict)
- Decreased patrolling satisfaction
- Loss of staff and expertise from resignations to avoid harassment or resignations/ firings of alleged harassers; loss of patrollers who leave to avoid harassment
- Increased absenteeism by patrollers experiencing harassment
- The knowledge that harassment is permitted can undermine ethical standards and discipline in the organization in general, as patrollers lose respect for, and trust in, their seniors who indulge in, or turn a blind eye to, sexual harassment
- If the problem is ignored, a patrols image can suffer
- Legal costs if the problem is ignored and complainants take the issue to court

After doing this research a short story was shared with me that clearly fits with what I believe is appropriate for all of us to think about:

A husband and wife are sitting at the dinner table eating in their apartment. All of a sudden they can hear coming from the apartment next to them crashing, screaming, crying and yelling. Obviously the male is assaulting a female. So the husband picks up a baseball bat and walks next door and beats on the apartment door. As the door opens and the male comes to the door with the female in a head lock the husband hands him the baseball bat.

The moral of this sad story is that if we male patrollers sit around and let harassment continue and don't step in to put a stop to it, we may as well hand the

Please see Harassment page 5

### **NSP Job Opportunity-**

### Wanted: Toboggan Instructors, some experience required

By: Tom Worley, Division Toboggan Supervisor

Are you the outdoor type that really enjoys working with others and helping them acquire skills? Do you find handling a toboggan exciting and sometimes even fun? Would you like to put these characteristics into action to help the Central Division? If you answered yes to these questions, you may have the credentials to become a Central Division Toboggan Instructor. The job has exceptional compensation and provides "exceptional income" for anyone who is willing to make the sacrifice. See below for details.

We are <u>always</u> looking for good, new instructors to take over the jobs vacated by previous instructors. Each year the Central Division needs to replace a small portion of its toboggan instructor group. If you are interested in taking on this chal-

1822 Weymouth Drive Phone: (330)-650-2858

Hudson, Ohio 44236 Email: jay@bugbusterinc.com

lenging job, contact your Patrol Representative and he can put you in touch with your Regional Toboggan/Transportation Supervisor for more details. The Toboggan Instructor job can be incredibly time consuming but always fulfilling. Every patrol needs several good Toboggan Instructors. If you don't see toboggan instruction taking place at your area, chances are more instructors are needed.

If you are currently a toboggan instructor and are actively training others every week, you are doing the job. If you are one of our instructor cadre that hasn't been actively training but you want to sustain the job of toboggan trainer you need to get active in your area's toboggan training. The toboggan instructor's role is to train others in toboggan handling. It is a job, not an award or office.

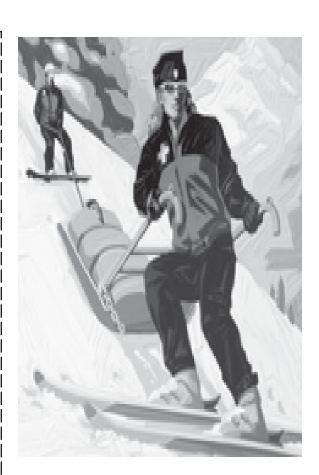

Lets get back to the compensation and income mentioned in the first paragraph. What value do you put on helping a friend or associate pass the Senior test? What kind of benefit do you get by helping a former Auxiliary learn sufficient toboggan handling skills to become a Basic Patroller?

The compensation is an incredible feeling of worth. The income is not measured in dollars and cents but more by the psychic income one receives by knowing that your training allows others to help make every skier's experience safer and more enjoyable. No, you won't experience any financial gain, unfortunately, perhaps the contrary. However, you will know in your heart that your efforts have made a difference. You teach everyday people to become ski patrollers. That's something that should make you very proud.

#### Harassment

Continued from page 4

baseball bat over and let the others continue. Enough is enough and it is time that we stand up and stop sexual harassment. If we don't do that the behavior will continue and we are just as responsible if we don't draw a line in the sand and put a stop to it. It is up to you!

From a leadership standpoint it is a difficult issue to deal with. Nobody wins and many people lose. I hope from the notes above you have a better understanding about sexual harassment and when you observe it or hear it you step in and request that it stop. We want patrolling to be a growthful experience and free from the issues that inadvertently stand in the way of all patrollers becoming all they can be.

### Join For Your Own Reasons

By: Rose DeJarnette, Division Auxiliary Supervisor

People join volunteer organizations for an endless number of reasons. Ski patrol is no different. We all patrol for a reason. As an organization we are trying to understand the reasons people volunteer in order to attract and retain them as valuable members of the organization. Consider the following list of reasons you may have joined the NSP:

- desire to learn something new or be chal-
- to share a skill or donate your professional
- gain satisfaction from accomplishment
- to get to know a community
- to feel good about self
- to be part of a team
- to feel needed
- to gain leadership skills
- to do your civic duty
- because of pressure from a friend or rela-
- to keep busy or for an escape
- to feel proud
- to make new friends
- to help someone
- as therapy for your body or mind
- to explore a career
- to do something different from your job

### Patroller 101

By: Jeannie Mogan, Division Patroller 101 Supervisor

Planning for the 2008-2009 winter season is well underway! As your candidates make the transition form their OEC training to their hill training, be sure to register a Patroller 101 course.

It's important for new patrollers to be versed in more areas than OEC and toboggan handling. As we look to the next generation of patrollers to take charge, we will want them to be knowledgeable and enthusiastic about the organization to which we all belong. In the summer issue of the RPN, Jim Woodrum reported that patrollers generally "... are not well informed about what happens at National." Knowledge and understanding often leads to involvement. It is up to us to provide opportunities for new patrollers to gain information about the National Ski Patrol and ways to get involved in the organization.

Patroller 101 is one way to accomplish this goal. This course will give new patrollers background in ski area management, the National Ski Patrol, rope and belay skills, guest services, risk management, and adapting to the outdoor environment.

of the NSP are:

- Take the NSP Patroller's Manual exam
- Find and bookmark your Patrol, Region, Division, and National websites
- List your PR, RD, DD
- Read the latest issue of your region newsletter or the RPN and discuss a current

You can find directions for the Patroller 101 program, the Patroller 101 manual, and a sample check list for Patroller 101 on the new and improved Central Division web site! Visit www.nspcentral.org and look under "members" then "programs".

Introduction to Patrolling is a great way to introduce your new patrollers to the core aspects of patrolling!

Questions/comments - Email Jeannine Mogan jmogan@threeriversparkdistrict.org

- because of past personal experiences
- to keep your skills alive
- to have an excuse to do what you love
- to ski/ride
- did I mention just for fun!

Many of you will have reasons not on this list. As you enter this new ski season, take the time to reflect on your own personal reasons for volunteering. Are you fulfilling your personal goals? Our organization offers a wide variety of activities and opportunities to help you meet your personal goals. Volunteering should not involve just giving to the organization. The relationship should be of a synergistic nature with many opportunities for the volunteer to meet personal needs and expectations.

NSP and Central Division are working hard to provide every patroller, no matter what the skill classification an opportunity to meet personal goals and be recognized for contributions. Change is in the air. If you are an Auxiliary or Alpine Patroller interested in dual registration, take advantage of the Senior Auxiliary Program. Currently we have three Central Division Region Auxiliary Advisors; Allen Burd of Northern Michigan, Nannette Patnaude of Southern, and Phyllis Mauntel from the Ohio Region. If your region does not have an advisor you can contact your Region Director for further information.

Fulfill your personal goals with programs and leadership opportunities offered by our organization. Visit our web site Http://www.nspcentral.org/ Auxilliary/auxiliary.htm for more information on the Auxiliary Program. If you are an Auxiliary Patroller take the web survey. Stand up and be counted!

### **Army of One**

By: Don Loerch, Division Skills Development Supervisor

It is that time of year again when each of us is looking forward to the upcoming season with great anticipation. As we make the usual preparations and have our boards tuned, new boots fitted or even attend your fall refresher, let's not forget that one of the most important investments we can make this new season is skills development. We in the National Ski Patrol and in particular, the Central Division, hold ourselves to a very high standard. As you look forward to activities on the snow please consider our individual and collective obligation to set goals for improving our on the job performance.

The Division Skills Development team and your local Region staff are at your service. Each and every season an abundance of on hill programs are offered to our members. So, as you take stock of your bag of tools and particular interests, please plan on participating in one of our programs. Be it an SES (Ski Enhancement Seminar), STW (Ski Trainers Workshop), TES (Toboggan Enhancement Seminar) or perhaps a Senior program offering, we guarantee a mile of smiles while you enhance your on hill performance. Not only will you benefit as an individual but, our organization will improve as a whole.

We look forward to seeing all of you on the snow!

### ID Phases Evolved in 2000

By: Virgina Rodeman, Division Instructor **Development Supervisor** 

Someone recently stated, "Whatever happened to Phase I and Phase II? I do not know what to do to become and instructor." The simple answer is they changed. In early 2000 Phase I became Instructor Development which is still taught by and Instructor Development Instructor (IDI). It includes much of the same work that Phase I included. The objective is the same, to introduce a patroller to the "what" and "how" of teaching NSP courses. By the end of the class, the perspective instructor is able to write and present a six pack based on something from his/her knowledge of patrolling. He or she then begins the mentoring part formerly Phase II in a NSP discipline. This use to be taught by an IT in different NSP disciplines, but it was not the Instructor Development class.

Some Patroller 101 activities that target knowledge With the mentoring process, either an instructor or IT can work to mentor an instructor candidate. If not really go anywhere; it changed names.

you are working on OEC, an OEC instructor or OEC-IT will mentor you, or if you want to become a MTR instructor a MTR instructor or MTR-IT can mentor you, the same is true in each discipline. The mentor's job is to complete the process helping the instructor candidate understand and locate information in the instructor manual, use a sharp eye to evaluate, locate the instructor's web and other internet links which can be used in the discipline, review registering a class and completing paperwork just to name a few—the job is to help that instructor candidate to become the best instructor he or she can be. This process is outlined in the "Guide to Mentoring Instructors." The Guide also includes a check-off of the skills to be completed. After the candidate has observed instructors, planned and taught classes, worked through the process, it is then time to be observed by an IT for the final assessment. The candidate becomes an instructor when the observing IT sends a course completion to the National Office. The Phase II did

### Paperwork, Where Does it Go?

By: Virgina Rodeman, Division Instructor **Development Supervisor** 

"I didn't get credit for a class; there is no record of my having taken it." What happens to course completion records? If you have been an Instructor of record (IOR) for a NSP class, you know it is important to send the course completion records to National, but where else do they go? One set of course records should go to the Division Supervisor for your discipline, examples include: toboggan TES records go to Tom Worley, OEC course, SEM, and refresher records to Karen Hadden, Avalanche to Dale Mihuta, Instructor Development to Ginny Rodeman, whatever discipline to the Division Supervisor. One set should be sent to your appropriate Region Administrator and perhaps a Region proficiency advisor and you need to keep

On a similar note yearly, the Region Administrators send the region instructor and region IT updated lists to the proper Division Supervisor. When continuing education is completed by instructors of a region, it only goes as far as the region level. When a course completion of continuing education for instructor update, gets sent to National, the results can take months to straighten out. The proper paperwork sent to the proper person helps to make everyone's life so much easier!

### **OEC Connection - Central Division Fall 2008**

By: Karen Hadden, Division OEC Supervisor

As promised, here is our 3rd quarter OEC Update. On August 27, Ed McNamara, National OEC Program Director, appointed, Deb Endly (Central Division Lead OEC Supervisor) as the new Assistant National OEC Program Director. CONGRATULATIONS Deb. We are all proud of you and wish you the best. Karen Hadden (Central Division Assistant OEC Supervisor) will step into Deb's role as the Lead OEC Supervisor. Deb has left some big shoes to fill and I will give it my best. Deb will be doing double duty until a new OEC Assistant Supervisor is named. Let's all give her our total support.

### Central Division Meeting Milwaukee, Wisconsin Sept. 5-7, 2008

- South Central put on an outstanding Meeting. Deb and I were able to spend Saturday afternoon with many OEC IT's. We also had time on Sunday morning for coffee and a lot OEC Q & A.
- Michael Millian, MD, National Medical Advisor gave us a preview of the 5<sup>th</sup> edition and spent Saturday afternoon fielding many questions.
- Saturday morning we listened to great presentations on: Electronic Registration, Recruiting and Retention, Risk Management and Accident forms, the new Central Division Web site, Emergency Response, and Where the Central Division is going.

- Keep checking the Central Division Web site. Many of the presentations will be posted for your review.
- Mark your calendars for the 2009 Division Meeting the first weekend of Sept....it will be held on Mackinac Island. What a great place to have a meeting!

#### **Refresher Reminders:**

- All patrollers who wish to remain active and those who will be going inactive must complete a full refresher.
- OEC Instructors teaching at a refresher must complete the full refresher at their instructor refresher. If they complete part of the refresher, they have the option of completing the missing elements at the refresher and teaching part of the day.
- There are many dates for completing refreshers in the Central Division. There is only one option to completing a refresher and that is doing a refresher. Taking or helping at an SEM, taking a Basic Final, (other than challenging the final plus pay the fee), or teaching OEC Classes does not count as completing a refresher.
- All refreshers must be registered and QA'd by OEC IT. This also applies to 'make up refreshers'. OEC IT's need to be in contact with the IOR to assist them and 'iron out' any concerns before the instructor refresher.

#### The OEC Paper Trail:

- All completion records for class, refreshers, and enhancement seminars are due to the National office two weeks after the end of the class. All forms are available on the National web site. If you have problems downloading any needed forms, please do not hesitate to contact your IT, IOR, ROA, Deb or me. Soon, a new course completion record will be posted to the National web site. You will notice you will have a line to enter the name of the IT who Qad your course, other than that, the form looks very similar to the one you use now.
- Any questions always feel free to ask your IT, IOR, ROA then your Division OEC Supervisor. We ask you limit calls to National as your first stop. Most of the time we will be able to answer your question and we can give National the time they need to devote to National issues.
- The first week of December we will be attending a conference with other Division Supervisors, so hopefully we will have a lot of updates in our 4<sup>th</sup> quarter OEC CON-NECTION CENTRAL

THANKS OF ALL YOU DO AND GOOD LUCK WITH YOUR REFRESHERS AND CLASSES. We hope you have enjoyed our second OEC CONNECTION CENTRAL update. Feel free to contact Deb (ezcompany2@msn.com) and/or Karen (karenhadden@mei.net) with questions/concerns.

### **Region Reports**

#### Northern Michigan

By: Bob Lechtanski, Northern Michigan Region Director

It has been a while since the Central Division Meeting in Milwaukee and I am still excited about all of the National awards that the Members of this Division won. Congratulations to all of the awards winners, you will see the names of the winners listed in this copy of the RPN! I would like to add congratulations and a job well done to the South Central Region for putting on one great meeting and awards party.

Included in the list of award winners is the Mt. Holiday Ski Patrol from Traverse City, Michigan who was chosen the 2007/2008 National Outstanding Small Patrol. This patrol takes great pleasure in training new patrollers and sharing them with the other patrols in the Central Division. During my visits to the Mt. Holiday Ski Area I am always impressed by their total dedication to the skiing public, area management and how they make everyone feel like family. Great Job Mt. Holiday Patroller your award is well deserved.

At the Milwaukee meeting I had the pleasure of announcing that next years Central Division Fall Meeting will be held in the Northern Michigan Region. If you weren't able to attend last weeks meeting, I will tell you now that we are inviting you to come join us at the Mission Point Resort on Mackinac Island on September 11-13, 2009. Please check out the meeting announcement in this issue of the RPN. You can also expect to see more information in future issues of the RPN.

Stay safe and see you on the slopes.

#### Ohio

By: Bill Currier, Ohio Region Director

GO BUCs!! Well, it's not quite ski season and the Buckeyes need all the help they can get this season.

Seriously, we are already deeply involved with preparations for the upcoming season here in the Ohio Region. The Region organization is once again complete for the start of the season. The latest addition is Orest Melnyk, PNS, as the new Ohio Region Treasurer replacing Bev Benzing who has moved up to Central Division Treasurer. Congratulations to all and good luck in your new roles. We held the fourth annual Patrol Representatives Conference on August 7. Again, the event was a huge success in bringing together both new and continuing Patrol Representatives and Region Staff for a day of focused conversations on topics of current interest to the PD's/PR's and social activities in an informal setting. This conference has proven to be a great venue for sharing ideas and concerns among the PD's/PR's and for generating action items to resolve issues. I would encourage other Regions to consider holding such an event.

Twelve Ohio Region Patrollers attended the Central Division Fall Meeting and Awards Banquet in Milwaukee on Sept. 5-7. Some of our 'biker dudes and dudettes' set out on the journey to Milwaukee on Thursday with hopes of taking the ferry across Lake Michigan. Unfortunately the ferry was not running due to bad weather, so the convoy was forced to undertake the 'ride from Hell' around the tip of the lake on I-80/94 in one of the season's heaviest rainstorms. Needless to say they were not 'happy bikers' upon arrival in Milwaukee. However, they met the challenge in true patroller fashion and in shape to participate in the Harley Ride on Friday.

The Ohio Region Fall Meeting is being held on Sunday, Sept. 21. We will be reviewing plans for the upcoming season including refreshers, open houses / ski swaps, OEC classes, on-hill training

and our SEM in early December. We are also planning to hold an Awards and a Treasurer's workshop that will be designed to help patrol staff in each of those respective areas better fulfill their roles. We are committing a large number of resources to our ski/board and toboggan training events in the upcoming season with the goal of enhancing our patroller's skills and image in the eyes of area management and the customers who visit them. See the Ohio Region calendar on the Division web site for details.

We are looking forward to a great 2008/2009 season and hope to see many Central Division patrollers at the various events that we have planned. Have a safe and successful 2008 / 2009 season.

#### Western

By: John Thomas, Western Region Director

Greetings from the Western Region,

Wow, it seems as though I was just putting my skis away for the summer and putting new fishing lines on my fishing reels a month ago. How time flies. The Western Region is in full swing of the OEC refresher season and the planning for the Region events is happening. The Western Region Fall Meeting and Awards Banquet was a great success with as far as I can remember a record number of members in attendance. Thanks to the Welch Village Ski Patrol for putting on a great meeting. I'm looking forward to the Division STW that will be held in the Western Region. It should be a great learning and sharing experience. As you prepare for the 2008-2009 season, challenge yourself to improve one or more skills related to ski patrolling.

Please see Region Reports page 18

# Bickerstaff Named Nat'l Outstanding Young Adult Patroller

Joseph Bickerstaff was born in 16 years ago and has been a patroller since 2006.

During this time, he has attained patroller status and been actively involved with his patrol for the past two years as its Young Patroller Representative to his patrol Board of Directors.

This past winter, Joseph also volunteered to teach four sections of the Outdoor First Course, put in almost 250 on hill hours and 150 off hill hours and maintain a school grade point average of 3.8

For the year 2007-2008, the Central Division is proud to honor Joseph as Central Division Outstanding Young Adult Patroller.

In addition, we are also honored to announce that for the 2007-2008 season, the National Ski Patrol judging committee has selected Joe as the National Ski Patrol's Outstanding Young Adult Patroller. For this outstanding accomplishment, Joe has been awarded with the National Outstanding Trophy and Gold Merit Star.

### **Hunt Named National Outstanding Auxiliary**

Lynnann Hunt joined the NSP 1n 1972, became a senior Alpine patroller in 1976, and received her National Appointment in 1992.

She is currently an OEC Instructor, Instructor Development Instructor, and OEC IT.

Lynnann has been elected patrol representative of her patrol of 134 patrollers three times including the year her patrol was selected National Outstanding First Runner-Up.

Due to knee replacement surgery, rather than retire she switched status to Senior Auxiliary and still puts in over 400 hours per season providing patrol room care.

For her outstanding accomplishments and dedication, the Central Division is proud to honor Lynnann Hunt as 2007-2008 Central Division Outstanding Auxiliary Patroller

Central Division and the National Ski Patrol are further pleased to announce that the National Ski Patrol judging committee has selected Lynn as the 2007-2008 National Ski Patrol's Outstanding Auxiliary Patroller.

For this outstanding accomplishment, Lynn has been awarded with the National Outstanding Trophy and a Gold Merit Star.

#### Zierden Named National Outstanding Alpine Patroller

Vicki Zierden joined the NSP only six years ago, but over the past six years has accomplished more than many patrollers accomplish in a career. She is an OEC Instructor, Instructor Development Instructor, and OEC IT.

Vicki has been a member of the National Committee that develops and writes the Basic OEC Standardized test, has developed and written basic and senior level OEC scenarios to be included in the OEC test bank, and was recognized by the National Ski Patrol with merit stars in 2006 and 2007 for her outstanding service.

The Central Division is proud to recognize Vicki Zierden as the Central Division Outstanding Alpine Patroller for the 2007-2008 season.

We are also honored to announce that for the 2007-2008 season, the National Ski Patrol judging committee has selected Vicki as the **National Ski Patrol Outstanding Alpine Patroller**.

For this exceptional accomplishment, Vicki has been awarded with the National Outstanding Trophy and a Gold Merit Star.

#### Mt Holiday National Small Alpine Patrol

The Mount Holiday Ski Patrol of 31 members was activated in 1980 to serve a small non-profit com-

munity resort. As such, this patrol has dedicated itself to three goals: 1. serve the winter snow sports public at their resort, 2. help their non-profit organization owners sponsor year round events at their resort in order to keep this community resort functioning, and finally 3. To do what they call "feed" patrollers to the major resorts in their region.

In serving the public, this patrol, actively working with the resort has succeeded in lowering the daily accident rate by 30%. Half of their patrol members have logged over twice their required on hill hours and five of their members pull regular duty shifts at other resorts.

As a patrol working with their community to keep their area open, they provide emergency assistance and other civic involvement at 8 to 10 offseason events annually.

Actively embracing the idea of being a feeder patrol is a novel concept. They are proud that they can transfer approximately 15% of their patrollers to larger patrols each year and this patrol takes pride in being considered by the large patrols in their area as highly motivated, skilled, and a patrol of character.

For this, the Central Division is honored to recognize as 2007-2008 Central Division Outstanding Small Alpine Ski Patrol Mount Holiday Ski Patrol.

We are also very pleased to announce that for the 2007-2008 ski season, the National Ski Patrol judging committee has selected Mt Holiday as the **National Ski Patrol Outstanding Small Alpine Patrol** and for their outstanding efforts, they have been awarded the Outstanding Small Alpine Patrol Trophy, a Unit Citation, National Pins for each member of this outstanding patrol

and a Yellow Merit Star for Mt Holiday's Patrol Representative Rod Kivell.

### **Kerwin National Runner Up OEC Instructor**

Greg Kerwin has been active in the NSP since 1991. He became a senior in 1994, a Certified patroller in 2003, and received his National Appointment in 2004.

For over 10 straight years this Greg has been highly involved in local as well as region and division OEC testing, training, and refreshing. For each of the past three years, this patroller has also put in over 200 on hill duty hours.

For his many and continuing contributions to the Central Division and the National Ski Patrol, The Central Division is proud to honor Greg Kerwin as 2007-2008 Central Division Outstanding OEC Instructor.

We are also honored to announce that for the 2007-2008 season, the National judging committee selected Greg as the <u>National Ski Patrol First Runner-up Outstanding OEC Instructor</u>.

For those efforts the National Ski Patrol has awarded him a silver merit star.

### **Keating National Runner Up Instructor**

John Keating has been active in the NSP since 1986, became a senior in 1991, a Certified patroller in 2004, and received his National Appointment in 1995.

John is a Division Toboggan Instructor, Toboggan IT, Level III PSIA Instructor, member of the Central Division Alpine leadership for many years, and most recently creator of the video and written presentation of the all new alpine toboggan training instruction guide.

For his many and continuing contributions to the Central Division and the National Ski Patrol, The Central Division is proud to honor John Keating as 2007-2008 Central Division Outstanding Instructor.

We are also honored to announce that for the 2007-2008 season, the National judging committee selected John as the **National Ski Patrol First Runner-up Outstanding Instructor**. For those efforts the National Ski Patrol has also awarded John a sliver merit star.

#### King Named National Runner Up Alpine Patrol Representative

Pam King joined the NSP in 1986, achieved senior status in 1993 and received her National Appointment in 1997.

For the past six years, this patroller has been her area's patrol rep while actively instructing OEC and Toboggan from Patrol to Region levels. She has also been extremely active in training patrollers in volunteer emergency response for Homeland Security.

For all of her outstanding work, the Central Division is proud to honor Pam King as 2007-2008 Central Division Outstanding Alpine Patrol Representative.

We are further honored to announce that for the 2007-2008 season, the National judging committee selected Pam as the <u>National Ski Patrol First Runner-up Outstanding Patrol Representative</u> and for those efforts the National Ski Patrol has also awarded her a silver merit star.

#### Blue Mound is National Runner Up Nordic Patrol

Blue Mound Nordic is only 11 years old. This relatively new Nordic patrol of 23 volunteers serves an area of 14  $\frac{1}{2}$  miles.

During the past few years, the Blue Mound Nordic has supplied a National Awards judge, Division Awards Advisor, Division MTR Instructor, Division Nordic Advisor, Division Senior Advisor, and past Region Director.

For their dedication and efforts, the Central Division is proud to honor Blue Mound Nordic as Central Division Outstanding Nordic Patrol.

We are also very pleased to announce that for the 2007-2008 ski season, the National Ski Patrol judging committee has selected Blue Mound Nordic as the **National Ski Patrol First Runner-Up Outstanding Nordic Patrol.** For their outstanding efforts, they have been awarded a Unit Citation.

### **Konkel Oustanding Nordic Patrol Rep**

Steve Konkel has been a member of the NSP as a Nordic patroller for 16 years. He has held the position of Patrol Representative at his Nordic patrol for 13 of those years has also found the time and energy to patrol secondarily for over 10 years on an alpine patrol where he continually puts in over 150 hours yearly.

For his outstanding dedication to his patrols and the NSP, the Central Division is pleased to honor as the Central Division Outstanding Nordic Patrol Representative for the 2007-2008 season from the North Central Region

### **Gaffney is Outstanding Administrative Patroller**

Mary Gaffney joined the NSP in 1993, became a senior in 2001 and received her National Appointment in 2005.

She is an OEC Instructor, an OEC IT, Alpine Toboggan Instructor, and Instructor Development Instructor. She has been continuously involved in testing, training and enhancing at section, region, and division clinics.

Along with this heavy involvement, this patroller has also served as section chief since 2004

The Central Division is pleased to honor Mary Gaffney as the Central Division Outstanding Administrative Ski Patroller for the 2007-2008 season.

Central Division and the National Ski Patrol are further pleased to present Mary with the yellow merit star awarded by the National judges in recognition of her outstanding service as Central Division Outstanding Administrative Patroller

#### Timber Ridge Named Outstanding Large Patrol

Timber Ridge Ski Patrol was activated in 1968. Its 105 patrollers serve an area of four chairlifts and four rope tows

This patrol has six toboggan ITs and 18 instructors as well as three OEC ITs and 22 OEC instructors The full impact of the character of this patrol is evidenced by the intensive volunteerism of its members within all levels of the NSP- with twelve members of this patrol holding section, region, and division staff positions.

We can safely say this patrol unselfishly meets the expectations of management, and then gives more to the NSP, the sport of skiing, the local community, and anywhere it finds a need.

For this, the Central Division is honored to recognize Timber Ridge Ski Patrol as 2007-2008 Central Division Outstanding Large Alpine Ski Patrol.

### **Central Division Awards 2007 - 2008**

# A PARTON SKI PARTO

### **Extended Coverage**

Chris Raudabaugh Division Director's Outstanding Award for Service as Ohio Region Director

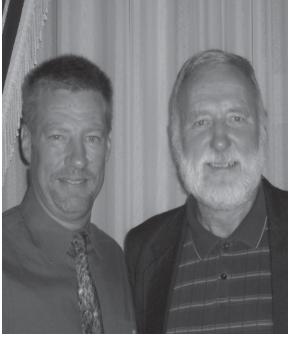

Kathy Van klompenberg Division Director's Outstanding Award for Support of Division Regsitration.

Mary Green Division Director's Outstanding Award for Service as Division Treasurer.

John Keating (r) Division Director's Program Award for Alpine Training. Jay Zedak congratulates John.

Noel Derr(r) Division Director's Program Award for NSP-S Ski School. Jay Zedak presents award.

Darcy Hanley(r) Division Director's Program Award for Avalanche Program. Dale Mihuta presents award.

Lisa Cobble Division Director's Program Award for Women's Seminar.

Tony Ortega Division Director's Program Award for Toboggan. Tom Worley congratulates Tony.

Ken Meldahl Division Director's Program Award for Patroller 101. Jeannine Mogan presents.

### **Central Division Awards 2007 - 2008**

### **Extended Coverage**

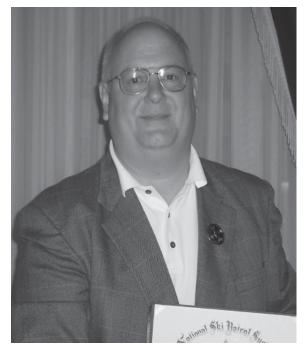

Jay Zedak is named Central Division Outstanding Supervisor for 2007-2008.

Jerome Beaudry receives his 50 year service pin at the Central Division Fall Awards Banquet.

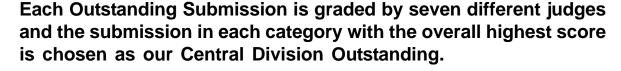

Rod Kivell receives his National Appointment at the Central Division Fall Awards Banquet.

# Central Division Awards Selection Process

Central Division is composed of approximately 6,600 active patrollers serving 140 Alpine patrols and 23 Nordic patrols

Each year, all Regions of the Central Division are invited to send in submissions for 11 Traditional Outstanding categories ranging from Outstanding Young Patroller to Outstanding Large Alpine Patrol.

Each Region supplies two judges to judge our submissions.

Our winners are then sent to National where a judging committee composed of two judges from each Division eventually selects the National Outstandings.

This year the Central Division Awards Program started a new tradition by recognizing our Central Division Outstanding First Runners-Up. You may find the list of runners-up on page eight of this issue of the Rusty Parka News.

### Is PSIA For You?

By: Don Loerch, Division Skills Development Supervisor

Many of us involved in Region and Division training programs have one overriding interest; Advance and improve the skills of our patrollers. No matter what your interest and level of involvement. PSIA/AASI might be for you!

What is PSIA/AASI (Professional Ski Instructors of America/American Association of Snowboard Instructors)?

- 1. PSIA/AASI has developed standards through which proper ski/board techniques and practices can be identified, introduced, quantified and reinforced to maximize performance and enjoyment on the snow.
- 2. PSIA/AASI is the industry standard for snow ski & board instruction in the United States.
- 3. PSIA/AASI has developed educational materials to aid and facilitate the learning/ training/certification process.
- 4. PSIA/AASI has established standardized criteria for evaluating and certifying ski/ board instructors.

What does PSIA/AASI offer you as an individual and Patrol Trainer?

- 1. A deeper understanding of the current skills and movement patterns required to produce the right turn in any condition.
- 2. A common language and understanding enabling you as an instructor the ability to identify positive skills andmovement patterns while gaining the tools needed to correct ineffective patterns.
- 3. Skill improvement and the personal satisfaction certification provides. Not only do you as a patroller benefit but, the "Brain Trust" of our organization is advanced.

If you are interested in a new challenge, please consider joining PSIA/AASI. Numerous educational clinics and certification exams are offered throughout our division each season. Please take a few minutes today to contact your Region Ski School, Division Ski School or any member of the Division Skills Development staff for help getting started.

### The Senior Program: Take the Challenge

By: Darcy Haney, Division Senior Program

Supervisor Your Senior Program nior test and a 100% passing rate for their senior voice over and new footage. The release of this candidates. Which region will take the challenge? The numbers will tell!

version will not be until next season.

continues the journey of bringing the very best in toboggan and alpine programs to you. This year there will be three STW's offered: Welch, Boyne and Granite Peak! Each venue will provide senior skills for alpine and toboggan Each location will meld all senior alpine skills at various levels with senior toboggan level skills. The challenge is to offer this opportunity to senior advisors, senior evaluators, region directors, toboggan IT's and patrol representatives.

Extend the invitation to those on your patrol that are involved with the senior test, working with senior candidates or in the mentoring side of becoming a senior evaluator. Each region can make sure that they are offering the very best program and all the latest information to their local patrol senior candidates. The senior evaluators can be equipped with the tools necessary to have a successful se-

On training note, please continue to use the DVD and discussion guide. It is a valuable tool to make sure your senior candidates meet the standard. If you need additional copies please contact Linda Murphy Jacobs so these will be available at the respective STW's throughout the Division. The Board also heard your response to the DVD and is working on release 2.0. This version will have a

A successful senior test depends on many qualified people. The Quality Assurance Feedback given by the visiting QA is vital to each region. The QA staff is responsible for attending each region's senior test outside of their own region. This typically involves traveling and time! However, it is a wonderful opportunity to visit other regions and gain new friendships. This year at the STW's the QA Mentoring process will be rolled out in a pilot form. If you are a senior evaluator, an IT in any program then you may want to consider being a QA! Think about

A very special thank you to the South Central Region for a great Division meeting in Milwaukee. As

a part of that meeting those regions who had two consecutive successful QA reports will have a by year! This is a way of supporting those regions who hold a successful senior test and the Division's way of recognizing successful Region evaluations. I am looking forward to skiing with many of you throughout the Division. If I can be of any assistance, please contact me.

### **Memorial to Lew Krimen**

I've just said goodbye to our friend, Lew

In my own private, personal way, I've just finished saying goodbye to my friend, Lew Krimen.

I've been asked to tell you about him and now, I can.

A lot of people thought he was eccentric. And, he was. He thrived on being thought of that way, but there was far more to him than that.

Lew Krimen was a basically good man.

If you needed a friend, you could always count on Lew. If you asked something of him, there was never any doubt as to his response.

To sum up any man's life in one short note is difficult, but let me do it in one sentence...

Lew Krimen was a good man.

What more can you say about anyone? He was a good man. A man with a never ending intellectual curiosity. A compassionate man who never forgot any detail of your life and always wanted to know about you... and your opinions... and your thoughts. Oh, sure, he could drive you crazy... he'd rush up to you, in the Patrol Room, hustle you into the back room with a conspiratorial gleam in his eye, pull you close and then whisper in your ear "So, how are you?" And, the funny thing was, he really wanted to know! It wasn't a cliché "How are you?", Lew really wanted to know. And, six or seven years later, he'd remember what you said and he'd ask follow-up questions!

Lew was dedicated to the Patrol. When his health was failing and he was no longer able to ski, he'd still appear for his duty shift to help in the Patrol Room.

He was, simply, "Mr. Avalanche" in the Central Division. Who knows how many Patrollers he introduced to the science of avalanche in the classrooms here and in the snow pits and shoots of Utah's mountains. He taught first aid and mountaineering and avalanche and lots of other things... like how to live your life as a gentleman... as a purely good man.

He wore a whole constellation of stars on his name bar, but he most treasured the one he received for a high altitude rescue on one of the many mountains he climbed. He was an advocate for mountaineering. It's because of him that I found myself on the slopes of Mt. Rainier, with *his* crampons on my boots, *his* ice ax in my mittened hands not once, but twice. He had an evangelical zeal for mountaineering.

He had a wonderful sense of humor and never laughed at any joke as hard as one where he was the butt of the joke. I teased him about being a "Rooky" because even though he had 40 years of service in the Patrol, we both received our National numbers the same night... and mine are 53 digits ahead of his! He always had the grace to allow me to be satisfied by pretending to be offended by the "Rooky" reference.

Lew left behind, a life long soul mate, Lenora, two children, Lisa (a member of the Wilmot Mountain Ski Patrol) and Mark, a son-in-law, Max, and two grandchildren, and ... and a hellava lot of Patrol friends who will miss him and think about him... and when that angry freezing wind comes charging over the crest of the winter laden hill and the wind chill drops off the charts... we'll think of Lew, laugh at the weather's feeble attempts to dissuade us and then go out to do our duty shift in Lew's memory and honor.

Submitted by, Sam Frank

Lew Krimen at living large and not being shy about participation.

Photo Courtesy: Ken Meldahl

# Wilmot Patrol Director Offers Comments on Lew Krimen

Lew Krimen has been many things to Wilmot Mountain Ski Patrol, as recently as Slope Leader for one of our Day Shifts and the Patrol's "Alumni Liaison." Lew's passing marks an era of dedicated teachers from a day when personal experience meant respect.

A very active Patroller since joining in 1968, he brought authority and personal, first-hand knowledge to his patrolling and teaching. According to some of the details

in his profile per the National Ski Patrol database:

- Level 1 Avalanche course: 1969
- Mountain Travel & Rescue: 1971
- Level 2 Avalanche course and Mountain Travel & Rescue 2: 1973
- Phase II Training: Global Phase 2 and Avalanche Phase 2: 1995
- Mountain Travel & Rescue Instructor is active through 2010
- National Appointment # 4665.

Lew was never shy about participating and would not be shy about providing a piece of his experience. And he was always an active participant. As a Basic Patroller, I was a student in some of his classes, which were extraordinary and rich with embellishment from his personal experiences. He leaves a legacy in Lisa, his daughter, an Active Patroller at Wilmot.

Dare I say, his experiences will live on. And Lew will certainly be missed.

Respectfully,

Christopher Morris
Patrol Director/Rep.
Wilmot Mountain Ski Patrol
Wilmot, Wisconsin

### Region Reports continued from page 7

Pick a subject (OEC, skiing, tobogganing, MTR, or avalanche) and either learn a new skill or refresh an old skill. Sealing a quote from a song we need to remember "We are never going to survive unless we get a little crazy" Have a safe, fantastic and fun ski season.

#### **North Central**

By: David Dahl, North Central Region Director

The Fall Region Board meeting was held at Brule on October 11<sup>th</sup>.Thank you to the Brule Ski Area for once again hosting this event.

We are looking for people to fill the position of Region Senior Ski and Toboggan Advisor. If you are interested or know of anyone you would like to recommend, please contact me. The rewards are great, even if they are not monetary! We welcome back Jim DeWeerd as Region Medical Advisor.

December 1

Senior Applications due to Don Close

December 20-21

Division Ski & Toboggan Clinic at Granite Peak. See Registration information in Rusty Parka News. Senior Evaluators should attend this clinic.

January 17-18

Ski and Toboggan Clinic and OEC will be held at Brule – candidates/patrollers/trainers/evaluators encouraged to attend.

February 21-22

Senior Ski & Toboggan & SEM Evaluation at Granite Peak

Trainers, please be sure that any training classes are registered under Patroller 101 so they are covered by insurance.

Registration this year will be accomplished electronically for the first time. By now all PR's should have received instructions from Sherwin Von Klombenberg, Division Registration Coordinator. It is important to note that dues must be remitted from the Patrol's, not an individual's, bank account.

Many thanks to all area Patrol Reps for their cooperation in embracing this new technology.

The Division meeting was held in Milwaukee September 5-7. During Saturday's general business meeting, Jim Woodrum, Division Director, gave an update on the state of the NSP and where Central Division is headed. Sixteen candidates, including three from Central Division are on the National BOD election ballot this fall. Please exercise your right to vote.

A National Education Event (replacing Powderfall) will be held at Snowbird, Utah, April 14-17, 2009. (

Focus areas for the Central Division in 2008-2209 include 1) practicing ethical behavior on the pat of all Patrollers and Patrols, 2) increasing the presence and improving the image of patrollers on the hill (a request of area managers) through participation in programs, such as SES's to improve our skiing and boarding skills and 2) being innovative in recruiting new members.

I hope we can have another great contingent of candidates this year – both basic and senior, and I look forward to working and skiing with many of you.

### The Avalanche Program Has Changed

By: Dale Mihuta, Division Avalanche Supervisor

The new Avalanche Instructor Manual and the redesigned courses will be voted upon by the NSP board members. The new manual should be available for purchase by October or November. Some of the significant changes in the manual are:

- Very specific job descriptions and administrative policies.
- The Avalanche Fundamentals and Rescue course was discontinued and replaced with Avalanche Safety and Rescue.
- The ASR course will not serve as a prerequisite for the Level 2 course. The ASR course is designed to provide education to casual backcountry users, area personnel and ski patrollers with a desire for general information about avalanches. The ASR course is a senior elective.
- The Level 1 course comes in two subsections. The Level 1 course is designed for search and rescue affiliates that routinely may take part in avalanche rescue. The Level 1 course for Rescue Personnel is designed for ski patrollers and other personnel that not only rescue but also mitigate and forecast avalanches.
- The supportive manuals (rescue manuals) are also being reworked.

The Level 1 course for Rescue Personnel is the only conduit to the Level 2 course. A major change to this course is the addition of significant time learning the skills and snow science that is necessary for the backcountry. The L1 for RP has a field session of 14.5 hours. This field session is designed to teach you the backcountry tests, snow analysis, the use of the **Snow and Weather Avalanche Guide** to produce an effective predictability of the avalanche hazard.

This will be a transition year. The way I envision the administration of the new program is to provide the classroom session just as we have with the Avalanche Fundamentals course. It will be regionally directed. In fact the classroom session for the Level 1 for Rescue Personnel is very similar to the old AFR course. Our preliminary plans are to

offer the field session at Mt. Bohemia or other area with significant snow on February 21<sup>st</sup> and 22<sup>nd</sup> 2009. If necessary we will schedule another event. The classroom sessions will be regionalized with convergence on the field session. It is imperative that I get a class list from each course so that I can coordinate the class completion with the classroom IOR. If you complete only the classroom session you will get an incomplete for the course but you are entitled to the senior elective credit.

If you have already completed the **Avalanche Fundamentals and Rescue** course you are grandfathered if you wish to continue your education to the Level 2 course. The Level 2 Avalanche course will again be in Utah March 7<sup>th</sup> thru 15<sup>th</sup>. If you are interested please let me know as soon as possible. There is an enrollment form enclosed and one will soon be on the division web-site. You can also contact me for more information.

### A 'Perfect' Women's Weekend! Come Join Us

By: Anne Blaedow, Women's Seminar Supervisor

The 2009 Division Women's Clinic is heading to Ohio Region on January 10-11th, 2009. We want you to join us for a "Perfect" weekend for women, by women at Perfect North Slopes. Our staff of dynamic women has been running these clinics for 8 years and participants rave over the female oriented weekend. We ski, toboggan, talk, eat and learn from each other. There are many techniques that we will share with you to help give you more skill confidence on skis and with a toboggan. Finesse, strategy and technique rule here. Most importantly, we learn that other ladies love the National Ski Patrol too. There are "ladies in high places" that attend this clinic along with brand new Patrollers! Whether you are an Auxillary, Basic or Senior patroller, you'll have a wonderful learning experience and we encourage you to join in the 3. I gained confidence boarding with a toboggan fun! Snow time is part of what this weekend has to offer. Our Saturday night program includes dinner, fun prizes and a presentation on Women's Ski equipment by "The Vertical Drop" Ski Shop. Chocolate is among the favorite topics for the weekend. Participants can choose to spend their two days in PSIA lessons or Toboggan handling. You can earn both a Ski Enhancement and Toboggan Enhancement seminar credit if you do a day in each area. Some participants spend two days with our "All Girl Staff" either skiing or toboggan handling. The choice is yours!

When asked what past participants like most about weekend, the responses included:

- 1. Camaraderie
- 2. It's awesome attending an all women event

- and I met lots
- of excellent patrollers
- 4. All the helpful tips and friendly "laid back" feel-
- 5. I felt inspired to improve and actually believe that it's possible.

This event is open to skiers, telemarker and boarders. Registration is a first come basis. Send in your registration form and \$60.00 fee. Clinic fee includes the two day lift ticket, PSIA/ NSP instruction and materials. The Saturday night dinner is a "potluck" style with the main entree provided by the staff. Lodging is on your own and information will be e-mailed when registration is received. Please include your check with your registration made payable to NSP Central Division. We can help you find roommates if necessary.

Optional Long sleeved shirt is available for \$25.00. (2.00 more for XXL) Clinic hours are 8am - 8pm Sat and 8am – 2pm on Sunday

### **Three Generation Central Division Patrol Families**

70 Years

1938 - 2008

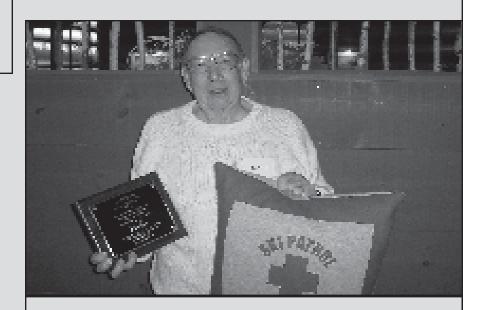

From left to right: Morgan Morris, Tom Neukam, Fritz Neukam, Trevor Morris, Christine Morris and Christopher Morris. Morgan and Trevor are the children of Christine and Christopher, Christine and Tom are the children of Fritz Neukam. Fritz patrols at Indianhead Mountain, Michigan, Tom, Christine, Christopher and Trevor patrol at Wilmot Mountain in Wisconsin and Morgan patrols at both Wilmot Mountain and Marquette Mountain, MI.

RD's from
Central Division
found photos of
three generation
CD families.
Here are three you
should get to know.

From left to right: Denise Jones, Bill Jones, Liz Jones, Elizabeth Grabowski, John Grabowski. Bill and Elizabeth are the children of Liz Jones and John is the son of Elizabeth. Denise is the wife of Bill. Elizabeth Grabowski patrols at Mt. Brighton, Michigan and the rest patrol at Wilmot Mountain, Wisconsin.

The NSP is spotlighting multi-generational patroller familes as it celebrates 70 Years of Service

Ben Olson poses with a plaque and pillow presented to him in 2007 following 56 years of active patrolling. He, his daughter Laura Olson-Davig and his grandson Ryan Olson patrolled at Blackjack Mountain in Michigan's Upper Peninsula.

The Rusty Parka News wants to highlight multi-generational families during the 2008 - 2009 season. Patrol Representatives, please send a list of two generation patrol families on your patrols to the RPN for publication in an upcoming issue. Photos of other three generational families, including names and areas patrolled are requested.

Help us celebrate the NSP's 70 years of safety and service to the snow sports industry by recognizing families that patrol together.

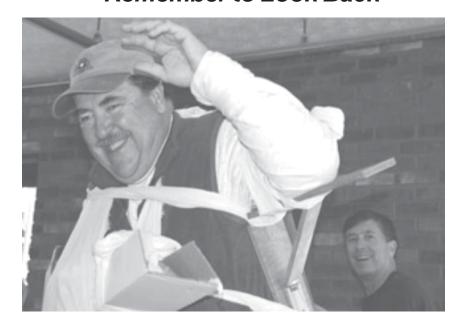

Special thank you to Ken Meldahl for assistance with this issue's feature.

### **Special Request of All Patrollers!**

# Tail Rope Remember to Look Back

### Send Your Favorite Old Photos to the RPN to be Featured in our Tail Rope Back Page Special.

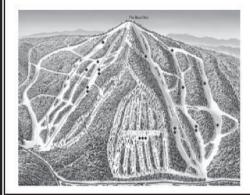

See Page 24 for More Information

### FREE SKI VACATION AT MOUNT BOHEMIA or THE PORCUPINE MOUNTAINS SKI AREA

Mount Bohemia located in Upper Michigan features:

- The Midwest's highest vertical
- Deepest powder
- And most adventure!

Choose to patrol at Mount Bohemia or the Porcupine Mountains Ski Area for a few days and we will pay for your lodging, give you \$50 a day per diem and give immediate family up to four members free skiing!

All you have to do is commit to guest patrolling with our patrol during this time period.

Mount Bohemia guest patrol would be required to patrol
Monday—Friday; 10:30am-4:30pm.
Porcupine Mountains guest patrol would be required to patrol
Friday—Sunday 9:30am-5pm

Advanced reservations are required please call now!

Please call: Lindsey 231-420-5405

#### Remember to Look Back

While our Division Director will argue that this is not an old picture by any means, credit for this issue's photo submission goes out to Rose DeJarnette

Send a digital copy of your favorite old patrol photo to the RPN tzimmerman@mitchellmetalproducts.com

## A Timeless Tradition of Snow - Fun - Family

# Central Division Fall Meeting Mackinac Island, Michigan September 11 - 13, 2009

The Northern Michigan Region invites you to mark your calendar and plan on attending the Central Division Fall Meeting on September 11, 12, and 13, 2009. Come and join us at the Mission Point Resort on Mackinac Island for three days of ski patrol family fun. The theme is "A Timeless Tradition of Snow - Fun – Family. The committee is planning events for educational sessions and family fun, as well as the usual Central Division business meetings and the awards banquet.

Mackinac Island is a get away for the whole family with historical sites, shops, golf and a Butterfly conservatory just to name a few. But remember there are no motorized vehicles allowed. You can see the island by walking, riding a bicycle or horse drawn carriage and you are just a short boat ride away from Mackinaw City and St. Ignace.

Check out these websites on the Mackinac Island area.

Mackinac Island – www.mackinacisland.org

Mackinaw City – www.mackinawcity.com
