

2018 OEC-MSP toboggan packs and equipment:

At the Central Division meeting last spring, the ROAs discussed what a Senior candidate receives when they call for a toboggan pack at the Senior OEC module:

Standard in the pack at the OEC-MSP (aka "Mt. Senior") is:

- 2 blankets
- 1 Quick Splint (for lower extremity)
- 1 SAM Splint
- 1 Short Splint (or board for upper extremity)
- 1 Airplane/Wing splint (optional)

When the candidate calls for Backboard they receive:

- Backboard
- C-collar(s)
- Straps

If the candidate requires other equipment, ie: traction, oxygen, pelvic sling, they will need to request that specifically and the equipment will come as a complete kit with everything they need to apply that device.

Please share this information for your OEC-MSP staff.
