Ballot Counting

The ballots cast shall be tabulated and the result declared by the Central Division Election Coordinator after review by the Central Division Election Review Committee using the following procedure:

- The first choice marked on each ballot shall be counted. If any candidate receives a majority of the first choices, that candidate shall be declared elected.
- If no candidate receives a majority of first choices, the candidate who received the fewest first choices shall be eliminated and each vote cast for that candidate shall be transferred to the next-ranked candidate on that voter's ballot. If, after this transfer of votes, any candidate has a majority of the votes from the continuing ballots, that candidate shall be declared elected.
- If no candidate receives a majority of votes from the continuing ballots after a candidate has been eliminated and his/her votes have been transferred to the next-ranked candidate, the continuing candidate with the fewest votes from the continuing ballots shall be eliminated. All votes cast for that candidate shall be transferred to the next-ranked continuing candidate on each voter's ballot. This process of eliminating candidates and transferring their votes to the next-ranked continuing candidates shall be repeated until a candidate receives a majority of the votes from the continuing ballots. This candidate shall be declared elected.

Example:

Three candidates: Smith, Jones and Marks
60 voting cards are submitted
Smith is ranked 1 by 25 voters
Jones is ranked 1 by 20 voters
Marks is ranked 1 by 15 voters

In the first round no one receives a majority, 31 votes
Thus, Marks is eliminated and those cards that had Marks ranked 1 is reviewed for their second choice.
Smith is ranked 2 on 10 of the of the 15 cards
Jones is ranked 2 on 3 of the 15 cards.

Thus, Smith wins with 35 votes and Jones is second with 23 votes.

Note: Only 13 votes were counted in round two because two of the Marks cards only had first choices.

Establish a Division database of separated members and the Patrol Representative to contact about the separation. No record will be maintained by the Division regarding the specifics of the separation.

Note: A motion was passed that requires the registration of Candidates within 30 days of the start of an OEC course – reference missing.

Active military duty

- b. Upon return from active military duty, the individual must take the OEC refreshers required by NSP and fulfill any other requirements to resume his or her pre-service NSP classification.

The Central Division will provide for free Division dues and lifetime membership for members with 50 or more years of continuous service with the NSP.

Central Division Administrative Patrol (CDAP)

This Registration Unit will be unique to the other Registration Units of the division in that it will not have a direct area to be responsible to. The Registration Unit is the direct responsibility of the Division Director or designee. It is intended that Division Board members may register with this unit if they so wish. This is to allow them some latitude in their duty shift requirements. This does not reduce their obligation to meet annual refresher requirements, total duty hours, continuing education requirements, etc.

In addition to these basic obligations, members of this Registration Unit will be required to report their duty activities and area visitations to the Division Director annually.

Registration in this Registration Unit will also be open to past Division Directors. Also, from time to time, the Division Director may grant individual patrollers the right to register with the CDAP due to unique problems. This right requires that the patroller meet the above obligations. The initial request must be submitted to the Division Director, in writing, detailing the reasons why there is a need for this special consideration. The Division Director will review the registration right annually.

Chapter 4 Treasury Operations

Accounting Guidelines

The Division is a consolidation of all subunits (regions, sections, local NSP registration units (that use the Division's EIN), and any other program units) registered with the division. The division files separately under Section 501(c)(3) of the Internal Revenue Code. For this purpose, to avoid duplication of accounting records, the record keeping system should reflect the tax basis of accounting.

- The Central Division EIN is **23-7241210**. That EIN must be used in establishing any bank account for the division, region, section, local NSP registration units (that use the Division's EIN), and for other purposes required by federal or state regulations. Any bank accounts shall be titled as: **National Ski Patrol - Central Division, Registration Unit C###**.
- It is recommended that all subunits within the division use the same chart of accounts. Adoption of the same chart of accounts will facilitate consolidation of each revenue and expense category required in filing Form 990 at year-end. Exhibit A is a chart of accounts designed to capture information requested on Form 990 as well as to anticipate most financial activities that can occur among the division and its subunits.

Financial Reporting Guidelines

- An annual financial report ("Financial Report") is to be prepared on the tax basis of accounting as required on form 990. Exhibit B is the form of the report that all subunits (that use the Division's EIN) shall prepare. The Financial Reports along with bank statements¹ for Central Division are due according to the following schedule:
 - May 30th - Division Treasurer sends the RD's and Region Treasurers the Exhibit B Excel template
 - June 30th - End of fiscal year
 - June 30th - Division Treasurer sends email reminder to Region Directors and Region Treasurers who shall in turn send email reminders to each unit in the Region.
 - August 1st – Registration Unit Annual Reports and bank statements due to Region Directors and Region Treasurers
 - August 15th – Region treasurers shall (a) determine if bank statements do or do not match the Financial Report and if any do not match, shall report such findings to the Division Director and the Division Treasurer.
 - September 1st – Region Annual Reports and bank statements due to Central Division Director and Central Division Treasurer
 - September 15th - Division treasurer shall determine if the bank statements do or do not match the Financial Reports and if any do not match, shall report such findings to the Division Director.
 - If a Region's financial report is not submitted to its Division Treasurer by October 15, it may result in the initiation of a Code of Conduct, as outlined below;

¹ Each registration unit which is required to submit a Financial Report shall also submit to the region treasurer a copy of the bank statement(s) as of June 30th for all registration unit bank accounts using the Central Division EIN. Each region shall also submit to the Division treasurer a copy of its bank statement(s) as of June 30th.

- The Region Treasurer shall provide at least three documented requests for financial information from a specified patrol to the Division Treasurer between September 15 and October 15.
 - The Division Treasurer shall notify the respective Region Director and the Division Director of the missing financial data by October 22.
 - The Region Director shall contact the Respective Patrol Director to obtain the requested financial data by October 29.
 - The Division Director has the discretion to implement a Code of Conduct to the Patrol Director for the following violation per the National Policies and Procedures;
 - 6.2.1.21 Refusal to follow a direct order of a Division Director or equivalent Associate Unit Officer, unless an appeal has been filed to that order and the NSP Board of Directors accepts the appeal and stays the order.
- If a Region's financial report is not submitted to the Central Division Treasurer by November 1st, it will result in the loss of the Region's support funds (budget line 620). Any reconsideration for waiving or alternate penalty requires two-thirds approval of the Central Division Board.
 - November 15th - Central Division IRS filing

Accounting Controls

Annual audits of the accounting procedures and records and the preparation of the division tax return (Form 990) will be performed by an audit committee or outside firm.

- If a material accounting irregularity is discovered, the actions to be taken will follow the guidelines set forth in NSP Policies and Procedures section 4.5.8.

Budgeting Guidelines

Before the beginning of each fiscal year, a detailed budget for the division's subunits will be prepared. The Central Division Board of Directors shall approve the budget. It will provide a clear indication whether there will be sufficient funds to effectively operate the subunit or excess funds creating potential excise tax problems, allowing enough time for effective action by the appropriate leadership.

Administrative/Program Staff Reimbursement Policy

Effective January 1, 2021

- It shall be the policy of the Central Division to reimburse Division administrative and program staff, within the following guidelines, for expenses incurred while performing Central Division business. It includes the Division Director, Assistant Division Directors, Division Board members, Division Program Supervisors/Advisors, and volunteer staff (including the Treasurer, Legal Advisor, Election Coordinator, Registration Coordinator(s), Rusty Parka News Editor(s), and Administrative Assistant).
- Receipts must accompany all expenses, including meals, lodging, travel, and miscellaneous expenses. Exceptions may be allowed with approval of the supervising Assistant Division Director or the Division Director.

- Mileage reimbursement shall be provided at the rate of \$.40 per mile, not to exceed the lowest available airfare (i.e. Supersaver). The Central Division Board and Treasurer will periodically review the mileage reimbursement to be in line with the NSP National Policy. When NSP vehicles (NSP Program vehicles) are used, then actual expenses shall be reimbursed. When personal vehicles are used attach the actual gas receipts or a MapQuest mileage itinerary. (F09)
- Airfares shall be reimbursed at the lowest available fare (i.e. Supersaver).
- Hotel costs shall be reimbursed at one-half the double room rate. Exceptions may be allowed with prior approval of the supervising Assistant Division Director or the Division Director.
- Meal costs shall be reimbursed up to a maximum rate of \$55 per day, with the reimbursement subject to the submission of receipts.
- The costs of meeting registrations and related official functions shall be reimbursed at the actual cost of the event.
- Meeting costs incurred by program committee members attending Division program committee meetings (i.e. the S&T Committee) shall be reimbursed up to 50 percent of allowable costs as defined in this policy.
- Expense vouchers must be submitted within 30 days of the close of the event for which reimbursement is being requested. Vouchers submitted 90 or more days after the close of the event should be subject to reimbursement at 50 percent of allowed expenses. Exceptions may be allowed with approval of the Division Director or their delegate(s).
- Central Division shall provide support to each Region yearly. After receipt of the years membership dues and the receipt of the past seasons' Division Registration report, the payment will be issued by the Division Treasurer. The amount budgeted and approved by the Board will be distributed based on population of the Division's Regions with a minimum payment of \$1200 per Region.
- All expenses over \$100.00 are due to the approving officer 30 days after occurrence. Expenses less than \$100.00 can be accumulated to \$100.00 and then submitted.
- All non-event expenses are due to the approving officer 15 days prior to the end of the fiscal year June 30.
- Central Division will pay Outstanding Award Winners' Fall Division banquet dinner fees.

Program Fees

Central Division has established program fees to help defray the cost of providing training programs. The fees collected from these programs are returned as general income and used to defray the total operating expenses of the Division. It is not to be assumed that specifically the program collecting them will use them.

Before any new programs mandated by the Board that would impact the Regions financially may be implemented, the program and its funding policy must be confirmed by at least 2/3rds of the Region Directors.

Continued funding and support by the Central Division of any program will be contingent on the specific program submitting an income and expense report to the Division Treasurer within 30 days of completion of the program. The accounting must indicate all participants, their method of payment, and all expenses incurred by the program including any instructor expenses associated with the program.

Patroller Assistance Fund

The Patroller Assistance fund was established to provide financial assistance to patrollers and their families in time of need. The need must be the direct result of a patrolling activity. Administration of the Assistance Fund is under the direct control of the Central Division Executive Committee (EC) with complete reporting, financial only, to the Division Board. This is to insure privacy and confidentiality. It must be noted that these funds are to be:

1. Used specifically by the Patroller or his/her family to defray the burden related to the indicated Patrol related incident.
2. The recipient is not expected to reimburse the Division. However, that would be appropriated if or when possible.
3. It is also to be understood that if the patroller or the family does not feel, upon receipt, that the funds are needed, the funds are to be returned to the Division.

The Executive Committee is to process requests for assistance following the guidelines outlined below:

1. Requests for assistance are to be submitted, in writing, to the Division Director (DD).
2. The request must include:
 - Relationship to a specific patrolling or training function
 - Details of the incident that generated the need for assistance
 - The amount of assistance necessary
 - How the assistance is to be presented to the patroller/family in need
3. The DD is to present the request, for approval, to the reigning EC
4. The EC is to review, and report back to the DD, either approval or rejection and the dollar amount granted (if approved).
5. The DD is to draft a letter to accompany the assistance check (drafted by the Division Treasurer) and return both as directed by the requester.
6. The DD is to report back to the Board as a Whole, any financial action taken by the EC.

General

If a request comes from Central Division for an educational event, Central Division pays 100 percent. If the Central Division Advisor travels at the request of a Region for an educational event, because a local resource is not available, Central Division will pay transportation (per Central Division reimbursement policy) and the Region will pay room and board.

Any Central Division Supervisor that needs to hold a special region advisor meeting or IT Conference must have a proposed agenda submitted to the Executive Committee at least six months prior to the proposed meeting date. Once the Executive Committee has approved the expenses, the agenda must be published (or posted) 90 days in advance of the meeting.

There shall be no recording, by visual or audio means of any type, of any NSP Evaluation, unless prior approval has been obtained from the Event Coordinator for the Evaluation. If approval is given, the recording shall be conducted only from locations designated by the Event Coordinator and may be used only for purposes authorized by the Event Coordinator. If the Event Coordinator believes that recordings are occurring that would disrupt the Event, the Event Coordinator has authority to stop the Event and either cancel or reschedule it.

Alumni that are current in instructors are allowed to continue to instruct in that area if they maintain their qualifications.

Avalanche

In the Central Division we can only offer the Avalanche Senior Elective or Avalanche Awareness. Follow the Guidelines in the Avalanche manual..

HISTORICAL CENTRAL DIVISION AWARDS

Throughout the National Ski Patrol, Outstanding Awards of every type are often presented in the memory of a dedicated patroller who made significant contributions to the patrol, section, region or division where they belonged. The National Outstanding Awards are named for past national chairmen, but there is no hard and fast rule as to how others are dedicated. Through the transition of several different Central Division Awards Advisors, Central Division lost track of the Memorials and drifted away from dedicating our Outstanding Awards when they were presented. In the process of going through some old files, the original certificates were found and the following are part of the tribute to the individuals for whom the awards are named.

THOMAS A. SNYDER MEMORIAL AWARD OUTSTANDING PATROLLER

Thomas A. Snyder started with the NSP in 1944 and soon became active in organizing new Registration Units in Michigan. Tom served as Section Chief, Asst. Region Director and Region Director in the Northern Michigan Region. Tom, who was known as "Mr. Ski Patrol" for his work in fledgling many new Registration Units, received National Appointment # 1890 in the 1950's and was the National Outstanding Patroller in 1964.

Tom was appointed Assistant Division Director in 1965 in charge of liaison and continued his duties until 1968 when, in his early 50's, a second heart attack claimed his life.

The Central Division is proud to have had Thomas A. Snyder as one of its finest patrollers.

FREDERICK E. DUESBERRY MEMORIAL OUTSTANDING SKI PATROL

Frederick E. Duesberry, considered one of most influential men in bringing the National Ski Patrol to Michigan and the Central United States, was an early ski enthusiast who saw the need for rescue and first aid services. Fred became a member of a then unaffiliated ski patrol and soon after affiliation with the NSP, he used his organizational talents to bring higher standards to Central Division. Many of the features, which are now routinely accepted, were introduced and developed during his leadership.

Fred Duesberry initiated First Aid and On-hill testing and training procedures along with specific patrol room and rescue needs. As a fund raising effort, Fred and his fellow ski patrol pioneers gave toboggan rides to willing contributors.

Fred was a former Region Director of the Eastern Michigan Region, had been a Division Advisor and had received National Appointment #1878. The National Ski Patrol lost one of its finest organizers as the result of an automobile accident late in 1964.

ERIC & CHRIS GREEN MEMORIAL AWARD OUTSTANDING STUDENT PATROLLER

The award for the Outstanding Student Patroller is to honor the memory of Eric and Chris Green, two brothers who at the time of their tragic death were members in the Ohio Region of the Central Division.

Eric, age 21, and Chris, age 18, died as the result of drowning while running white water rapids near their home in Berea, Ohio, on March 13, 1966. Both were dedicated patrollers having been brought up in a ski patrol environment.

Eric, while at Michigan Tech University, was instrumental in setting up a college course, for credit in patrol activities. The first aid, skiing, tobogganing, lift evacuation, etc., for which Eric collaborated in writing the material and, as a certified first aid instructor, also taught.

Eric and Chris Green were the sons of William A. and Betty Green, both active patrollers in the NSP. Bill was the Ohio Region's first Region Director and also served as Division Mountaineering Advisor.

Out of love and respect for the boys and their parents, the Ohio Region developed the Green Memorial, an annual ski patrol proficiency competition. This event promotes good fellowship and excellence in patrol skills by bringing together participants from many various Registration Units.

This Memorial Award and the Memorial Competition perpetuates the natures and the spirit of Eric and Chris who so loved and enjoyed the patrol.

**NATIONAL SKI PATROL
CENTRAL DIVISION
CRITICAL CARE RECOGNITION**

For assessment and care using OEC training and skills that recognizes and treats a patient with a very high potential for life threatening injuries and illnesses.

This would be presented to a patroller or patroller team whose heroic care does not quite meet the life saving requirements for a Purple Merit Star or Blue Merit Star.

A. The Critical Care Recognition may be presented regardless of where the lifesaving act was performed, provided the emergency care was accomplished under the sole direction and sole responsibility of patroller(s). Patrollers who are under the direction of another group (e.g., search and rescue, American Red Cross, military) do not qualify for a Critical Care Recognition, nor do individuals who perform the life saving act while on duty in the course of their normal occupations or medical commitments (e.g., ambulance crew, firefighter, medical personnel, etc.) unless that occupation is ski patrolling.

B. The Critical Care Recognition for a patroller requires that that patroller's nomination has a letter of recommendation describing the incident, but does not necessarily require medical documentation

C. The Critical Care Recognition for a patrolling team requires that each team member's nomination has its own letter of recommendation describing the incident, but does not necessarily require medical documentation.

The legal advisors shall maintain the signed Release Forms, in hard copy and electronic copy, for a period of seven (7) years from the concluding date of the program or event.

Alumni Advisor

*The **Division Alumni Advisor** is appointed or elected according to division policy and reports directly to the division director or designate. The Division Alumni Advisor also collaborates with, and reports indirectly to, the National Alumni Advisor.*

*The **Division Alumni Advisor** is responsible for coordinating and maintaining the Alumni Program within the division. Each Division Alumni Advisor is a member of the National Advisory Committee that reviews the Alumni Program and counsels the national chair and board of directors regarding relevant issues and needs. These meetings may result in recommendations to the national board of directors for changes in national standards or policies.*

Division Alumni Advisors should work with Region Directors to establish a Region Alumni Advisor, if not already in place, to carry out the responsibilities within the region.

The main job of these Alumni Advisors is primarily a Public Relations effort, working to promote and recruit NSP ski patrollers to consider becoming Alumni patrollers. This responsibility extends down to the Patrol level, for it should be every Division or Region Advisor's goal to ultimately have a Patrol Alumni Advisor (or two) in each ski patrol. Use of the Division's newsletters, recruiting brochures, etc. are also to be used when found effective.

The other aspect of the Division and Region Advisors job is to keep aware of opportunities for Alumni Members to get-together to socialize with other Members and/or with patrollers, and to "pitch in" and help the home patrol to make such social events meaningful for everybody. It is preferable, but not a requirement, that any Alumni Advisor be an Alumni Member.

In a NSP Division, these Advisors should (if possible) make a verbal recruiting presentation at any Annual meetings, and at any other such opportunities. Members of the Division's Alumni staff (including Regional, Sectional, and on a Patrol level) should always be alert for opportunities to promote NSP Alumni membership.

Based on one's availability, and the ability to travel about the Division, any Alumni Advisor would be visiting patrols (as much as possible with the financial and logistical support by the Division). Via personal chats with individuals and presentations to the patrols, any Advisor should be promoting the personal satisfactions and benefits of joining the Alumni Program. Use of the Division's newsletters, recruiting brochures, etc. are also to be used when found effective.

Since Alumni membership is always changing, the Division Advisor, and his/her staff of the Regional, Sectional and Patrol Alumni representatives need to be frequently reviewed, and any "gaps" in the various positions should be promptly filled.

Divisional and Regional advisors will be backed up on a National level by the efforts of the National Alumni Advisory staff, both the National Alumni Advisor, and the National Advisory Alumni Committee (NAAC), which is composed of the Division Alumni Advisors.

The NAAC may be called upon to meet periodically either via telephone conference, or Face-to Face, to discuss and resolve issues of mutual interest pertaining to the NSP Alumni Program.
